

Genconnex®

Emergency Deployable Generators for Homes

U-Deploy™ GENERATORS for HOMES

GET YOUR HEAT ON!

1-855-G-Deploy

(1-855-433-7569)

www.genconnex.Net

It's this easy!

- WE START BY MAKING YOUR HOME 'GENERATOR READY'

All for a fraction of the \$8,000 to \$12,000 cost of a large stationary home generator, we'll power just your important loads like BOILER, FRIDGE, SUMP, INTERNET, TV etc.

- WE SUPPLY THE GENERATOR

You keep it at your home and, because its powered by propane, its always ready to go! You just supply the propane tank and propane - which is usually just one 20lbs BBQ tank per 16-20hrs!

HONDA

Powered from clean, safe, and long-lasting propane!

by Genconnex®

'Whisper' quiet

- Just 52dBa ¼ load

Inverter output

- Ideal for sensitive loads

Propane

- Never goes bad un-like gas, even after years of non-use.

Water tight connector

- Connects to your home with a shipboard series connector we install in a convenient location on the outside of your home!

2200Watt Genconnex®
professionally modified
Honda EU2200i

- NO LONG-TERM CONTRACT

U-Deploy™ for as many years as you need. Just return the generator to terminate your service, or talk to us about upgrading to a whole-home system. It's that easy!

Are you ready?

Step 1

One Inlet kit w/ Transfer Switch

\$349

or

\$549

HomeConnex™
(4 critical / 4 comfort)

APC UTC Series
(6 circuit with auto load shed)

Step 2

One Installation Fee

\$699*

***PLEASE NOTE:** This is the base price where all circuits to be backed up are located in one electrical up-to-code breaker panel in an unfinished section of your basement. If you're electrical wiring is very old or you're not sure just ask for a free on-site assessment and quote.

Step 3

One Annual Generator Plan

\$189 2x/year*

U-Deploy™ Plan includes year-round use of a Honda EU2200i propane equipped generator w/hose (by Genconnex®) and all maintenance, rapid repair, and/or replacement.

(generator use limited to home-backup only)

*billed once in October and once in February.

What power outage?

**Connect, Start, Run
- SIMPLE!**

With clean, long-lasting propane

Away for the winter?

No problem. Just have a friend or neighbor hook up and run without going inside your home! Keep your heat, basement sump-pump, fridge etc. running automatically just from running the generator outside and plugging into our watertight power inlet!
